BibleCore™ Electives (High School)

World Religions — Understanding Our Neighbors — An honest, respectful survey of the world's major religions, taught from a Christian vantage point with truth and grace.

Apologetics — Reasons for Hope — Loving God with your mind — why the Christian faith is reasonable, how to face hard questions honestly, and how to answer with gentleness and respect.

Every lesson also carries the same anatomy — cinematic reading, glossary, Christ Connection, application, and assessment graded on understanding, never belief — and passes a doctrinal review against our published Statement of Faith.
