PurposeCore™ Electives

Reading the World — Understanding the times through Scripture — reading current events with wisdom: weighing sources, hearing every side, thinking Christianly about now.

Understanding AI — AI and what makes us human — its promise, its limits, and the human calling it cannot replace.

Lead & Serve Well — Servant leadership the way Jesus modeled it — leading by serving others well.

Additional electives are in development.

PurposeCore is assessed the way growth is measured — reflection, projects, and a portfolio that build into a Formation Profile. We grade engagement and effort; we never grade a student's beliefs.
